SUMMARY

Final-year Computer Science Engineering student with a strong foundation in Python, AI/ML, and software development. Combines technical depth with a problem-first mindset to build solutions that are both functional and impactful. Eager to grow within a team that values ownership, speed, and continuous learning.

EDUCATION

B.E. in Computer Science

Jyothy Institute of Technology – VTU, Bangalore

CGPA: 7.5/10 | Expected Graduation: June 2026

Class XII (PUC)

Jnana Sweekar PU College, Bangalore

PERCENTAGE-70% | Year: 2022

Class X (CBSE)

Alpine Public School, Bangalore

PERCENTAGE-60% | Year: 2020

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL

Web & Frontend Technologies: React.js, HTML5, CSS3

AI/ML: Machine Learning, Natural Language Processing (NLP), , Data Analysis, Model Evaluation

Frameworks & Libraries: Pandas, NumPy, Seaborn, Matplotlib

Backend & APIs: Django, REST API's

Databases: MongoDB, MySQL

Tools & Platforms: VS Code, Google Colab, Postman, Git, GitHub, Figma, Canva, Framer, MS Office

Operating Systems: Windows, Ubuntu, MacOS

INTERNSHIP EXPERIENCE

Intern – Qspiders (A Unit of Test Yantra Software Solutions (India) Pvt. Ltd.)

Bangalore | Jan 2026 – May 2026

- Analyzed datasets using Python and created visualizations for business insights
- Worked with Pandas, NumPy, and Matplotlib for data cleaning and analysis
- Built machine learning models and evaluated their performance using standard metrics
- Automated repetitive tasks and improved workflow efficiency using Python scripts

ACADEMIC PROJECTS

Shabamorix Hire – AI-Powered Virtual Interviewer

Tech Stack: Python, NLP, Machine Learning, Flask/Django | Duration: Aug 2024 – Nov 2025

- Developed an AI-powered virtual interviewer automating candidate screening and evaluation workflows
- Implemented NLP-based response analysis using sentiment analysis, keyword extraction.
- Built adaptive interview logic dynamically adjusting question difficulty based on candidate responses
- Designed real-time scoring and feedback pipeline improving automated assessment efficiency
- Created scalable backend architecture supporting unbiased and intelligent hiring processes

CodeLens – AI-Powered Learning Platform

Company: Qspiders (A Unit of Test Yantra Software Solutions (India) Pvt. Ltd.)

Tech Stack: GPT-4o, LangChain, Streamlit, ChromaDB, Python | Duration: Mar 2026 – May 2026

- Built an AI-driven learning platform supporting Python, DSA, SQL, ML/AI, and Web Development learning tracks
- Developed a Retrieval-Augmented Generation (RAG) tutoring system providing step-by-step hint-based guidance
- Engineered 5 AI-powered tools including Code Explainer, SQL Generator, and Programming Tutor modules
- Implemented ChromaDB vector search enabling context-aware and personalized learning experiences
- Integrated AI mock interviews, portfolio guidance, and skill assessment features for job-readiness support

PricePilot AI – AI-Powered E-Commerce Dynamic Pricing Engine

Company: Qspiders (A Unit of Test Yantra Software Solutions (India) Pvt. Ltd.)

Tech Stack: Python, Django, Machine Learning, REST APIs | Duration: Jan 2026 – Mar 2026

- Developed a dynamic pricing engine using regression models and reinforcement learning concepts
- Implemented demand prediction models using historical sales and user behavior data
- Built REST APIs for real-time price updates and seamless e-commerce platform integration
- Designed pricing optimization strategies balancing revenue growth and customer retention
- Improved pricing automation and scalability for handling dynamic market conditions

PUBLICATIONS

SHABAMORIX HIRE: An AI-Powered Virtual Interview, Resume Intelligence and Recruitment Analytics Platform

International Journal of Research Publication and Reviews (IJRPR)

OTHER ACTIVITIES

NCC-JIT

Assembly & Flight Operations | 09/2025 – 12/2025

- Designed, assembled, and flew an FPV drone as part of NCC-JIT technical initiatives — handling end-to-end build including frame, motors, ESCs, flight controller, and FPV system configuration, calibration, and field testing.
- Proud NCC Cadet and participated in CATC Camp and secured an ‘A’ grade in the B and C Certificate Examination.

CSI– Computer Society of India, JIT, India

- Member of Computer Society of India (CSI), which is a professional body consisting of Computer Science students in India.

RaC -Rotaract Club Of JIT

- Served as Co-Fundraising Chair and currently serving as Co-Membership Chair for the Rotaract Club of JIT
